

Naomi Campbell: The Brand

A multi-talented global icon since the late 80s, Naomi Campbell has remained a revered personality throughout the decades. With recurring appearances in hit Fox drama *Empire*, recent cover shoots for Vogue and Vanity Fair, and starring roles in campaigns for Burberry and Agent Provocateur, Naomi is still as in demand now as she's always been.

Her inaugural collection of luggage, handbags and homewares has provided a welcome opportunity to weave some of that enduring appeal into everyday, staple fashion pieces. Naomi has been central to the cycle of development, testing, adapting and modelling the pieces to make sure each one reflects her character - and her taste.

The result is a dazzling brand debut with her essence at its heart: classic essentials with a fun twist, cultivated to deliver accessible A-list elegance.
