

The range

Innovative design coupled with PYREX's famed reliability, the Reflections range takes traditional cookware up a few levels. Safe to use in ovens, dishwashers, microwaves, fridge and freezers, everyday chefs of all abilities will love the large, easy-grab handles, innovative silicone pads for practical locking, and space-saving stackable design. Lay on cooked-to-perfection feasts for family and friends with this compact, stylish and functional range in durable borosilicate glass.

Large rectangular roaster 40x25cm

Roaster to casserole in one easy movement, the large rectangular roaster features the Reflections' signature silicone inserts to the large, easy-grab handles. The top section aligns perfectly and silicone inserts help it lock into place with no slipping or glass-on-glass grinding, plus offset handles allow the lid to be removed quickly and safely.

Medium rectangular roaster 33x23cm

Great for whipping up family dinners, the Reflections medium roaster's red silicone handle pads protect against glass-on-glass damage, as well as providing superior grip and safety when lifting out of the oven. Offset handles allow cooks to remove the lid with ease, even with oven gloves on.

Oval roaster 33x19cm

Lidded to seal in flavour and moisture, the oval dish offers plenty of space for roasting meat or cooking up hearty casseroles. Offset handles and red silicone pads secure the lid safely in place, and durable glass construction holds the heat while allowing chefs to keep an eye on what's inside.

Round cake dish 30x25cm

Designed to interlock with the round bowl, the Reflections cake dish features PYREX's signature pops of red to the silicone handle pads, which help hold the lid securely in place. Versatile and durable, the pure glass design allows even heat distribution and helps bakers keep an eye on progress: ideal for cooking perfect pastry.

Round bowl 30x25cm

Used alone or in tandem with the round cake dish, this hard-wearing three-litre glass bowl is a versatile piece of kitchenware for mixing, baking or building layered desserts. Featuring offset, easy-grab glass handles, soft-close silicone pads to 'lock' the lid in place and robust glass construction for even heat distribution and long-lasting durability.
